# Skater of the Month

Chaya Haugland

Age 21

I began figure skating at 18 in the Ice In Paradise Learn To Skate program, after becoming enthralled by the drama and heartbreak of the 2022 Beijing Olympics. I had never done any sort of skating or dance or sport before, so I was waddling around on the inside edges of rental skates my first few lessons! I'm so glad I stuck with it — I've learned so much about myself and about strength, persistence, and joy.

My favorite moves on the ice are spirals and Salchows.

My figure skating goals are to have fun on the ice and to have a fully choreographed program I can show off to friends and family.

# Upcoming Events

## SWEETHEART SKATE RECITAL

Feb 22<sup>nd</sup> at 12pm

## National Skating Month Club Celebration

Please join us in a celebration of National Skating Month and the Winter Olympic Games with a free skating party! The party will take place in the Studio Rink at Ice in Paradise on Sunday, February 22 at 1:30 PM.

This is right after the conclusion of the Sweetheart Skate Recital. Friends, family, and recital participants are all welcome to join. Food and refreshments will be served courtesy of the Rinkside Cafe. Come have a fun time with your friends!

# Guest Technical Specialist Weekend | March 21-22

We're hosting a Guest Technical Specialist for a special weekend of program critiques and private lessons. Skaters will receive valuable feedback on element levels, GOE potential, and program construction from an official's perspective — a huge advantage heading into competitions.

We're also offering a coaches-only informational class covering scoring trends, common mistakes, and what officials are looking for this season.

Spots are limited to keep sessions detailed and personal.

Interested? Email Ashley at [Edgefit100@gmail.com](mailto:Edgefit100@gmail.com) for details and scheduling.

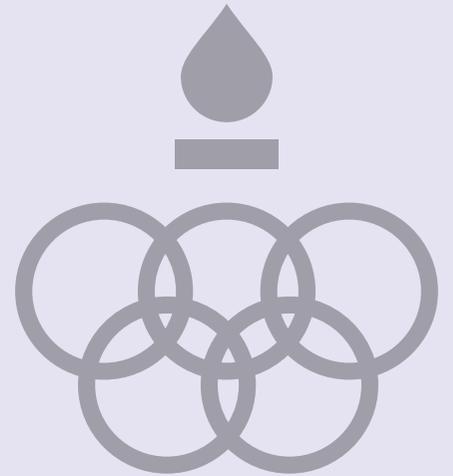

# CURRENT EVENTS

The 2026 Winter Olympics in Milan, Italy are underway!
