Skater of the Month

Lindsey Washiashi

Age: 25

How I Got Started with Figure Skating: My twin brother and I first took roller skating lessons when we were 5 because he wanted to play hockey. The rink we learned to skate at had a roller rink on one side and an ice rink on the other. I saw the figure skaters on the other rink and immediately knew I wanted to do that instead! After competing for a handful of years, I hung up my skates at age 13 to focus on school and then my career. Now I'm back since I've remembered how happy I am when I'm on the ice!

Favorite Moves on the Ice: Flying Camel, and any footwork sequences where I can go fast!

Figure Skating Goals: Pass all of my Moves in the Field tests!

Volunteers Needed!

Do you want to support your club and earn volunteer hours? Ask us how!

We are a non-profit organization run by volunteers with the goal to support the members on their figure skating journey. It truly wouldn't exist without the volunteers. If you're passionate about your skating, or your child's skating, ask us how to get involved!

Currently we are looking for someone to run our social media and continue writing our newsletters. If either of these sound like something you would like to do, we would be happy to have you!
